

# COUNTERFEIT MONEY

Criminals regularly bring counterfeit banknotes into circulation. Companies where staff are not trained to recognize counterfeit money are more likely to be victims. Trained personnel, on the other hand, recognize counterfeit banknotes in 95% of cases. To protect your company from these criminal practices, your staff should be familiar with the security features of banknotes. In this hands-on training you learn to detect counterfeit money.

## Topics

You will be trained in dealing with various detection equipment and how to recognize all the security features of US Dollars and the Aruban Florins. In addition, the right course of action is explained if you receive a suspicious banknote.

## Target group

All companies that receive cash money like:

- Banks
- Money transfer companies
- Casino's
- Retail
- Car rentals
- Hotels
- Restaurants
